

GLOBAL METHANE INITIATIVE MIDDLE EAST MEETING

WILLARD HOTEL, WASHINGTON, D.C.
OCTOBER 2-3, 2012

AGENDA

Tuesday, October 2, 2012	
0830 – 0900	Registration and Continental Breakfast – Courtesy of BP NEST Meeting Room
0900 – 0915	Welcome and Opening Remarks <i>Paul Gunning, Director, Climate Change Division, U.S. EPA</i> <i>Caron De Mars, U.S. State Department</i>
0915 – 0945	Global Methane Initiative and Resources for Oil and Natural Gas Companies <i>Roger Fernandez, Team Leader, Office of Air and Radiation, U.S. EPA</i>
0945 – 1015	How to Develop a Tier 3 Source Specific Greenhouse Gas Inventory <i>Kerry O'Donnell, Chevron</i>
1015 – 1045	Experience in Methane Emissions Mitigation <i>Alena Jonas, Principal Environmental Consultant, ConocoPhillips</i>
1045 – 1115	Networking and Refreshment Break – Courtesy of Hy-Bon
1115 – 1145	Reducing Compressor Emissions <i>Mohamed Al-Fodari, HSE Manager (KOC)</i> <i>Bader Al-Qallaf, Senior Environmental Engineer (KNPC)</i>
1145 – 1215	Centrifugal Compressor Wet Seal Degassing Gas Capture <i>Reid Smith, BP</i>
1215 – 1315	Lunch - Courtesy of ConocoPhillips DOUGLAS Meeting Room
1315 – 1345	Methane Leak Detection and Measurement Technologies <i>Larry Richards, President, Hy-Bon</i>
1345 – 1415	Global Gas Flaring Reduction <i>Fabrice Mosneron Dupin, GGFR Advisor, World Bank</i>
1415 – 1445	Gas Monetization via Emerging Mini-GTL Options <i>World Bank Project with Dr. Theo H. Fleisch, Director – Fuel Conversion Solutions, L.P.</i>
1445 – 1515	Networking and Refreshment Break – Courtesy of Kinder Morgan

Tuesday, October 2, 2012 (cont.)

	Track 1 NEST Meeting Room	Track 2 DOUGLAS Meeting Room
1515 – 1545	Install VRU in Crude Oil Tanks Case Studies <i>Larry Richards, President, Hy-Bon</i>	Opportunities for Methane Emissions Reductions in Natural Gas Processing: Brief Overview <i>Don Robinson, Vice President, ICF International</i>
1545 – 1615	Identifying Major Methane Emission Sources from Offshore Platforms and Floating Production, Storage and Offtake Vessels (FPSOs) <i>Don Robinson, Vice President, ICF International</i>	Overview of Pipeline Pumpdown and Hot Taps <i>Thomas Bach, Director Environmental Services, Kinder Morgan</i>
1615 – 1645	Leak Detection Demonstration: IR Camera <i>Larry Richards, President, Hy-Bon</i>	
1645 – 1715	Reduce Methane Emissions in Reciprocating Compressors <i>Thomas Bach, Director Environmental Services, Kinder Morgan</i>	
1715	Closing Remarks	

Wednesday, October 3, 2012

0830 – 0900	Continental Breakfast – Courtesy of Chevron PIERCE Meeting Room
0900 – 0915	Opening Remarks – Day 2 <i>U.S. EPA</i>
0915 – 0945	Retrofit High-Bleed to Low-Bleed or No-Bleed Pneumatic Devices <i>Greg Giernoth, Marketing Director – Becker Control Valve, GE</i>
0945 – 1015	Chevron’s Experience in Methane Emissions Mitigation <i>Erin Derbins, Chevron</i>
1015 – 1045	Networking and Refreshment Break – Courtesy of Kinder Morgan
1045 – 1115	Middle East Country Climate Initiatives and the Oil and Gas Industry <i>Craig Ebert, Senior Vice President, ICF International</i>
1115 – 1145	Climate and Clean Air Coalition <i>Dave Turk, U.S. State Department</i>
1145 – 1230	How to Develop a Methane Emissions Feasibility and Measurement Study <i>Don Robinson, Vice President, ICF International</i>
1230	Closing Remarks
1230 – 1330	Lunch – Courtesy of GE
